Zielony Wrocław

Zero Waste

#WROCLAW NIEMARNUJE

Wydział Wody i Energii

Project partners:

Francja-Mouans Sartoux

Belgia-Liege

Hiszpania-Gava

The participating schools:

ZSP Nr 6 ul.Gałczyńskiego 8

ZSP Nr 21 ul.Karpnicka 2

ZSP nr 21 ul.Kłodzka 40

SP Nr 46 ul.Ścinawska 21

Main goals of the project is:

Reduce food waste in schools canteens through introduction:

- Micro good practices in school canteens
 - Implements organic food and a short supply chain from local producers to school canteens also:
 - ✓ encouraging Wrocław educational institutions to prepare sustainable meals based on the less waste principle
 - ✓ collaborating with local suppliers
 - ✓ increasing children's knowledge of healthy eating and not wasting food
- using meals served by school cafeterias as an inspiration for parents to prepare healthy and varied meals for children promoting the establishment of school gardens

European Union
European Regional
Development Fund

Activities implemented under the project:

Mikro good practices implemented in the schools:

Selection of individual dish ingredients (rice/potatoes)

Preparing dishes that encourage children to eat them, e.g. "Shrek soup"

Introduction of alternative dishes, e.g. „China week”

Introduction of attractive products that children can take with them from the canteen

Introduction of meatless meals to the menu

Activities implemented under the project:

Recommendations after the measurements:

- reducing portion sizes on plate,
- reducing the consumption of meat by children, replacing it with legumes,
- adjusting the size and structure of production to what and how much children eat,
- reducing overproduction,
- changing menus to cyclically recurring,
- limiting the amount of soup in vase,
- offering more choices, e.g. 2 different salads, rice, potatoes,
- implementation of electronic lunch ordering at school

”

Project Wrocław doesn't waste
is a municipal action carried
out in the municipal office of
Wrocław

Wrocław doesn't waste

Wrocław isn't wasting a city campaign encouraging people to live in a less and zero waste style. On the one hand, it inspires residents to change their daily habits, and on the other hand, it educates. All this to produce less waste.

Wrocław doesn't waste-implementation

WARSZTATY
GODZINA DLA NIEMARNOWANIA

Podczas warsztatów dowiesz się:

- gdzie można oddać żywność czy książki, których nie potrzebujesz,
- gdzie rozpruć się brzośki,
- jak znaleźć taniej produkty jadalne na telefonach,
- gdzie zrobić zakupy zero waste,
- co to jest ekonomia współdzielcza.

DATA: 28.02.2020
GODZINA: 11.00
MIEJSCE: CENTRUM AKTYWNOŚCI
TARNOGAJU
